If you are able to come out and help sometime-please do!

A concern was brought up about the AIG program. The high schools do not have a teacher on site. Mr. Holloway will be contacting Mr. Bottoms concerning this.

New Business- some of the advisory committee met with Mr. Maready about the possibility of extending the paving in the back parking lot. Right now, it is not part of the ongoing project. However, it would be placed on a list of “possibilities” to be considered at the end of the entire project.
