SCHOOL IMPROVEMENT PLAN FOR 2009-2011 PLANNING CYCLE**LEA: CARTERET****SCHOOL: MOREHEAD PRIMARY****Narrative**

o Mission Statement:

The faculty, staff and representative parents reviewed the school's belief and mission statements first published in the School Improvement Plan of 1999. From this review it was agreed that the Mission Statement continues to be a driving force in the School Improvement Plan and in the goals of our school. Our Mission Statement is "To meet the needs of each individual child by providing motivation, knowledge, and basic life skills."

o Belief Statements:

- o We believe that all children can learn.
- o We believe that school should be a safe, positive learning environment for all children.
- o We believe that there should be a close, positive communication among home, school, and the community.
- o We believe we can help all children develop their potential to live successful, productive lives by meeting their intellectual, social, emotional, and physical needs while they are in our care.
- o We believe that we have an obligation to help children appreciate the opportunities and responsibilities of a diverse, democratic way of life.

o School Demographics:

Morehead City Primary School, which opened in 1994, serves approximately 680 students in pre-kindergarten through third grade. The school's attendance area encompasses the mainland town of Morehead City, and the island municipalities of Atlantic Beach, Pine Knoll Shores, and Salter Path. In addition, many Morehead City Primary School students live in rapidly-growing neighborhoods immediately adjacent to the town limits of Morehead City on Highways 24 and 70.

SCHOOL IMPROVEMENT PLAN FOR 2009-2011 PLANNING CYCLE**LEA: CARTERET****SCHOOL: MOREHEAD PRIMARY**

44.63% of Morehead City Primary School students were eligible for a free or reduced price lunch during the 2007-08 school year. 67% of the students are Caucasian, 10% are African American, 15% Hispanic, 6% are multiracial, 2% are Asian, and 0.1% are Native American.

Morehead City Primary School has one hundred and eleven employees. Sixty-three employees are full-time licensed and forty-eight classified. Morehead City Primary School provides a positive student-teacher ratio with average class size ratios as follows:

Kindergarten	16.6
First Grade	18.1
Second Grade	19.0
Third Grade	19.5

In addition to the above mentioned grade levels, Morehead City Primary School has two pre-kindergarten classes. One is designed as a More at Four preschool class. The other pre-kindergarten class is a Special Education preschool. A self-contained special education class is also located at Morehead City Primary School. Most classrooms have two adults consisting of a licensed teacher and an instructional assistant.

- o Community and Parent Demographics and Involvement

Carteret County was established in 1722 and is centrally located on the east coast of North Carolina. It lies approximately halfway between New York and Florida directly on the Atlantic Ocean. It contains approximately 1,064 square miles of which 520 square miles are land with a coastline of nearly 80 miles. The largest town in the county, Morehead City, was established as a planned "railroad" town, named after John Motley Morehead, who served as Governor of North Carolina from 1841 to 1845.

Today, Carteret County has a commissioner/manager form of government. The commissioners are nominated by districts and then voted on countywide. Carteret County has 11 municipalities, each of which has its own town council.

SCHOOL IMPROVEMENT PLAN FOR 2009-2011 PLANNING CYCLE**LEA: CARTERET****SCHOOL: MOREHEAD PRIMARY**

Cherry Point Marine Corps Air Station is the leading employer of Carteret County residents. There are approximately 1,770 civilian employees at Cherry Point with approximately 30% of those employees residing in Carteret County. In addition, approximately 10% of the active military population at Cherry Point resides in Carteret County.

The Carteret County School System employed a staff of 1,200 for the 2007-08 school year. Within Carteret County there are 16 public schools with a mission as a school system of preparing students to be productive citizens.

The parents of Morehead City Primary School contribute in a number of ways. Parents are active in the school's Advisory Council and on the Site-Based (Planning) Team. Both groups are active in the decision-making processes of the school. In addition, parents are active in a highly effective Parent-Teacher Organization (PTO), which serves to raise funds assisting in classroom instruction in a number of ways. Technology and facilities are two areas PTO has assisted in raising funds. Parents are also active by serving as volunteers in the classroom and office settings.

- o Brief Analysis of Successes

Morehead City Primary School has been a North Carolina School of Distinction from 2000-2007. This indicates that the school achieved at least 80% proficiency in the math and reading End of Grade Test scoring, and also achieved no less than expected growth each of the years. In addition, Morehead City Primary School was recognized as a National Title I Distinguished School winner in 2008. This achievement was in the area of exceptional student performance for two or more years.

Morehead City Primary School continues to be a high performing school with a diverse population. The school is the English as a Second Language (ESL) setting for K-3 students in the county. About 100 students speak English as a second language (ESL), and many of the school's teachers have volunteered to augment the services of the schools ESL teachers. These personnel work with Special Education and Title 1 specialists to offer instruction in a variety of settings designed to best match student needs.

LEA: CARTERET

SCHOOL: MOREHEAD PRIMARY

Community partnerships are a key component of the successes at Morehead City Primary School. The United Methodist Church provides reading tutors and student outreach help. Coast Guard personnel stationed at Fort Macon Coast Guard Station tutor students who are struggling. Students from West Carteret High School serve as after school study buddies and mentors. In addition, Morehead City Primary School works collaboratively with both Carteret Community College and East Carolina University in hosting student-teachers and internships.

Technology is growing by the year at Morehead City Primary School. Currently, ClassScape and Orchard programs are being utilized in classrooms and in the technology lab for instruction. In addition, smartboards, airliners, and now interactive whiteboards are being utilized in the classrooms to assist in instruction. Classroom projection systems are in the process of being mounted into ceilings as well.

LEA: CARTERET

SCHOOL: MOREHEAD PRIMARY

Goals Established by the State Board of Education.

Globally Competitive Students

- Rigorous and relevant curriculum
- Assessments that inform instruction and evaluate knowledge
- Course of study designed for global competitiveness
- Technology to access and demonstrate new knowledge and skills
- Opportunity to graduate with Associate's Degree or college transfer credit

21st Century Professionals

- 21st century skills, content, context, tools, and technology
- 21st Century Assessment system to measure knowledge skills, and performance
- Preparation in the interconnectedness of the world, including language study
- Ongoing high quality professional development
- Using data to inform decisions
- Public school professionals collaborate with higher education

SCHOOL IMPROVEMENT PLAN FOR 2009-2011 PLANNING CYCLE

SCHOOL: MOREHEAD PRIMARY

Globally Competitive Students

- o Rigorous and relevant curriculum
- o Assessments that inform instruction and evaluate knowledge
- o Course of study designed for global competitiveness
- o Technology to access and demonstrate new knowledge and skills
- o Opportunity to graduate with Associate's Degree or college transfer credit

Educating our students to be globally competitive is a goal for schools throughout the country. To be globally competitive, students must have satisfactory reading, writing, math, and science skills, and be reaching grade level expectations. In addition students need to have a working knowledge of the latest trends in technology and school staff need to be well trained in the latest innovations in technology to better serve our students.

Strategy #	Professional Development Required	Date to be Completed	Technology needed	Persons Responsible	Ways it will be evaluated for success	Resources that must be budgeted
To integrate technology tools into daily lessons and assessments	Training with: Interactive white boards Document cameras Laptops gps Digital cameras Wireless projectors	2011	Interactive white boards Document cameras Laptops gps Digital cameras Wireless projectors Up to date computer systems	Technology facilitator Staff	Proficiency scores Growth scores Retention vs. promotion rates (K-3)	Funding for staff development
